Synopsis

In their momentum for a neo-rural life in the Belgian Ardennes countryside, Brice and Lara soon have to face the imminent construction of a holiday resort nearby. A true race against time then starts for the young couple and revolves around Brice's quirky cousin Jacques, a native from the village, prone to mystical visions that will eventually lead them all to the Vatican! In a climate of provincial burlesque comedy both tender and grotesque, the Chapon-Laroche village microcosm, especially our endearing trio, will inexorably undergo a series of metamorphoses.
