

LOLLYPOP MEN

Synopsis

Matthieu is an ex-employee of Sabena (the regretted Belgian National Air Company), who converted into a school security assistant. Marc sells revolving-lights, or at least he tries... Their story is a clash of two opposite universes, or are they similar? Both are in their forties, recently separated from their wives and their professional lives are a wreck. They are both losing the edge, but perhaps is there a lifeguard in the room?
