Synopsis

The series recounts the adventures and misadventures of Samy Kantor, a young French parliamentary assistant, who arrives for his first day in Brussels just after the Brexit referendum. Samy is completely inexperienced, but somehow finds himself responsible for getting an amendment on shark finning passed by the European Parliament. His task is not helped by the fact that his boss, the MEP Michel Specklin, is both incompetent and indifferent. Samy is obliged to learn quickly how to make the right alliances.
